

BUDGET SYSTEM NATIONAL ISSUE

**Adoption of Act is Urged
by Governor
Davis**

WATCH DOG MEASURE

**Committee Appointed to Represent
Virginia at Chicago Convention—
LeRoy Hodges Chairman.**

Richmond, June 7.—Immediately following adjournment of Congress on Saturday, without action in the Senate on the bill establishing a national budget system, thereby injecting the budget as a live issue into the presidential campaign, Governor Westmoreland Davis, Virginia committee man on the national budget committee, announced the appointment and organization of a Virginia division of the committee with Colonel LeRoy Hodges, of Petersburg, aid to the Governor, as active State chairman.

Following close upon the announcement of the organization of a national budget committee in Virginia, came the announcement that Charles Hall Davis, of Petersburg, one of the State's leading authorities on public and corporation finance, and counsel to the former United States Commission on Rural Credits, would represent Virginia at the national budget convention that opens in Chicago today. Mr. Davis, it was learned, left Richmond for Chicago Saturday evening after a long conference with Colonel Hodges concerning the detailed workings of the Virginia budget system, inaugurated under the direction of Governor Davis in 1918, and which proved efficient, practical and thoroughly satisfactory in its first try out at the 1920 session of the General Assembly.

The national budget convention, which meets in Chicago today and tomorrow, was called by the national budget committee, and will be attended by representatives of every State in the Union, as well as by prominent Democratic leaders and by all the principal Republican candidates for the presidency. The convention will map out a plan for making the early enactment by Congress of a satisfactory budget bill a nation-wide issue in the approaching elections.

STRIKE IN WATERBURY

**Police Thrust Ex-Servicemen From
City Hall as 10,000 Gather**
Waterbury, Conn., June 7.—Ten thousand excited persons, mostly strikers, followed 400 former service men to the city hall yesterday morning and created a wild scene when refused permission to see Mayor Sandland.

The former service men wore their uniforms and went to the city hall in a body, despite warning from the police.

When the sergeant leading the column gave a command to enter the city hall there was a struggle with the police, and finally the column was halted. Mayor Sandland, from his window, witnessed the scene. The police argued the men to go to Library Park, about 200 yards distant, saying the mayor had a message for them. When the former soldiers reached that park they found a company of city guardsmen with glistening bayonets waiting.

The mayor consented to meet five service men and told them he would not permit the parade. After an uproar the soldiers filed back to headquarters surrounded on all sides by policemen and city guardsmen carrying fixed bayonets.

LILY WHITE'S ARE IN THE SADDLE

**Bascom Slep Scores a
Sweeping Victory at

NEGROES MAKE PLEAS

**Straight-Out Fight Between Two
Races—Anderson Says South Should
be Controlled Superior Genus.**

Chicago, June 7.—"Lily white" Republicans from Virginia headed by Representative Bascom Slep, scored a sweeping victory Saturday, when the national committee awarded seats in the convention to all delegates at large and district delegates allied with this faction of the party. Two separate anti-organization, contests arising in the Third and Eighth Districts also were decided in their favor.

Negro contestants for seats made earnest pleas, but these were without exception rejected. The seating of Virginia's delegation was the last case on the docket of the national committee. Disposition of the status of the delegates at large, headed by Mr. Slep, was made in the afternoon. Consideration of the district representation came in the night session.

In the Virginia contest, a straight-out fight between whites and negroes, Henry W. Anderson, of Virginia, candidate for the vice-presidential nomination, declared frankly for white party domination in the South. He said the negroes should be welcomed to conventions and to party's fold, but asserted that to make progress the party in the South should be held under white control.

Chicago, June 7.—Prospects for a deadlock Republican convention are growing with the arrival of unstructured delegates who hold the balance of power.

Out of the deadlock which will be produced by the failure of Wood, Lowden or Johnson forces to command a majority, will come the nominee, be he dark horse or one of the big three.

The Lowden forces last night were claiming as high as 250 votes on the first ballot and the Wood forces equally as many. The Johnson claims are not stated in figures, but the California senator's headquarters are claiming hourly additions to his column.

Ladies Auxiliary

**Meeting of Branch of Y. M. C. A.,
Tonight in Westminster
Building**

The Ladies Auxiliary of the Young Men's Christian Association has been called together by Secretary Wallace for an organization meeting this evening at the Westminster Building at 8 o'clock.

The Auxiliary is to be composed of ladies from all of the churches of the city and many of the leading ones of the several denominations have been invited to be present and participate in the inauguration of this valuable adjunct of the "Y."

Several standing committees of the board of visitors of the "Y" are looking with a great deal of pleasure to the organization of the ladies auxiliary as the advice and assistance of the mothers, wives and sisters are of vital importance in an organization where men are the chief operatives.

No hint of a slate would be given out as to the probable officers of the new organization and it is presumed that the ladies will choose their own officers with democratic freedom, but a glimpse at the list of those invited to become members assures an unusually effective working body, no matter who the officers may be.

All persons desiring to join the company are requested to call at once. The minimum required is 65 privates and 3 officers.

Tr. Walter A. Warfield is medical examiner and each applicant will have to pass the required physical examination before being admitted to membership.

Already a large number of ex-service men have expressed willingness to become identified with the new company and Capt. Duffey is of the opinion that at least 75 will be obtained for the company on the start.

Alexandria is in need of a military company and all men eligible should join the new company.

Just as soon as the required number is obtained an organization will be effected with the selection of officers and arrangements made for regular drills at the armory.

THREATENS EXPULSION

**President Edward Fitzgerald Issues
Ultimatum to Central of
Georgia Clerks**

Cincinnati, Ohio, June 7.—All members of the Brotherhood of Railroad Clerks employed by the Central of Georgia Railroad, now on strike in the Southwest, who do not return to work will be expelled from the order. President Edward H. Fitzgerald said here Saturday night. Mr. Fitzgerald is en route to Atlanta to take personal charge of the strike situation.

"We intend to live up to our agreements, ordinances of our order and the laws of the country, and mean to purge our ranks of those who refuse," Mr. Fitzgerald said. "We shall insist that every member of the brotherhood return to work on all roads affected and we make no exception of the Central of Georgia, where the trouble began. Those who do not return will be expelled."

Mr. Fitzgerald said he had received information showing that the strike was not spreading and that some were resuming work.

FOR HIRE WAGONS HIT BY NEW LAWS

**Traffic Laws Result in Wa-
gons Leaving Royal

ARE NOW SCATTERED

**Parking Prohibited on King Between
Fairfax and Patrick and on Royal
Between Prince and Cameron Sts.**

The police are now strictly enforcing the new traffic regulations. The parking of vehicles is working a hardship on drivers of wagons for hire who have for many years past placed their wagons on the west side of Royal between King and Cameron streets.

Under the provisions of the law no vehicle can remain parked more than half an hour on King street between Fairfax and Patrick streets or on Royal between Prince and Cameron streets.

Some of the drivers of wagons for hire have placed them in the market space and others have gone to other points in the city. All are now scattered at different points in the city.

As heretofore stated in the Gazette a speed limit of eighteen miles an hour is allowed and no one under sixteen years of age is permitted to operate a motor vehicle unless he or she is accompanied by either parent or guardian.

ELECTION TOMORROW

**Democratic Nominees For Mayor and
Council Unopposed**

Judges and clerks who will serve at the election tomorrow, the mayor and eight members of the common council and four members of the board of aldermen follow:

First Ward—Frank Moore, David E. Robey, S. W. Pitts, Leo Sweeney, M. Downey.

Second Ward—Conrad Schwab, Geo. Harlow, H. Kell, Theo. Cook, Fred, Erick Schneider.

Third Ward—George W. Bontz, sr., O. H. Daniels, Charles Welch, Joseph Ewald.

Fourth ward—Thomas Chauncey, Arthur Downey, Charles Downey and Richard Pinks and Charles Ross.

But little interest is apparent in the election. James M. Duncan will be chosen mayor without opposition and the democratic nominees for common council and board of aldermen also are unopposed.

STORM IN RICHMOND

**Cripples Telephone and Trolley Ser-
vice, Steps Elevators and
Inundates Cellars**

Richmond, June 7.—Badly crippled trolley and telephone service, dangerous washouts in the streets, scores of inundated cellars and heavy damage to building materials came in the wake of a severe electric storm which swept over Richmond Thursday afternoon at four o'clock.

No loss of human life was reported, though two males were instantly killed at Seventh and Main Streets when they were struck by lightning. The driver, John Smiley, colored, barely escaped with his life.

The storm came with an intense suddenness. Clouds had hung over the city for some time, but pedestrians generally looked only for an ordinary summer rain. Suddenly they found themselves in the throes of the most severe storm of the season. It seemed as if the heavens had opened. The accumulated rain of weeks fell in a veritable deluge. The lightning was of the dangerous fork variety.

Pl—hm, r mo no dom do old
The Virginia Railway and Power Company had its service completely tied up for about 15 minutes as the storm caused a short circuit of the main "G" wire and during that period the city business was at a standstill. Elevators, electric lights and telephone in many of the big buildings were put out of commission.

BUDGET BILL VETOED

**President Declares Measure Injurious
Authority of Chief Executive**

Washington, June 7.—The bill to establish a national budget system was vetoed last night by President Wilson. The measure was held by the President to be unconstitutional because it took from the Chief Executive the power to remove the comptroller general and the assistant comptroller general—offices who would be appointed by him, with the advice and consent of the Senate.

The President said he returned the measure without his approval "with the greatest regret," because he was "in entire sympathy" with its objects.

He added that he returned it at the earliest possible moment with the hope that the Congress may find time before adjourning to remedy this defect.

One of the results of the introduction of Western European ideas into the Near East is the growing habit of abandoning the veil, hitherto an indispensable article of attire for Turkish women. Many women now appear in the streets with no veil or else with one so thin that their faces are clearly visible.

A message from Frizrend, near Menzies, recounts how a Turkish woman of a good family decided that she would join the modernist movement by changing her veil. In spite of the persistent opposition of the male members of the family, she appeared in the public streets with a veil.

THE WHITE MAN'S BURDEN

The action of the national committee of the republican convention about to meet in Chicago in excluding negro delegates from Virginia and seating white representatives of the party brings to mind a long train of history in our commonwealth. The "Lily White," slogan is ancient, dating almost as far back as the days of reconstruction.

The writer, then virtually a boy, was wont to attend ward meetings of republicans in Alexandria. Members of that organization residing in the First ward gathered in a small frame church (Little Zion) which was situated under Winemill Hill; the Second warders in a cellar on north Pitt street; the "Third Ward Radicals," as they were called, in a frame structure left here by the government somewhere in the vicinity of Colburn, and those in the Fourth ward in a church which then stood upon the site of the colored Odd Fellows' Hall on south Columbus street.

It was realized at that time that the negro, after having been used by the republican organization, was a burden to the leaders, many of whom were government office holders, who, in order to maintain their standing in Washington, were forced to attend the weekly meetings of the clubs and consort with negroes, but who were averse to having their names mentioned in the newspapers.

The reporters for the Gazette generally printed lists of white men who attended these gatherings; hence it was a common request upon the part

of those unwilling attendants to beg that their names be omitted in the reports.

The negro was odious then to white members of the party; he is equally so now, and will ever be persona non grata. The republicans are ready to accept their votes in general elections, but that is as far as they desire to go with them.

The northern section of the United States clamored for years for equal rights for negroes, while some, more radical in their views, demanded social privileges for members of the race.

People of south who visit northern cities have often wondered why people who years ago manifested so much interest in the colored race fail to appreciate them when they take up their abode with their pretended friends. A negro is seldom seen at work in northern hotels or at railway stations. Americans who have traveled in England have noted similar conditions in the land of our ancestors, although a great amount of the abolition literature circulated in the United States three score and more years ago was sent here from England.

ANOTHER WARNING

Two men were killed on a sidewalk on Broadway, New York, yesterday by an automobile, in charge of a young girl. She ran the machine on the sidewalk, accidentally or in order to prevent collision with another car as she claims.

The new traffic law of this city makes it unlawful for children under sixteen years of age to run automobiles. Two well known citizens of Alexandria have been killed by these modern vehicles. In both instances the machine had mounted pavements. These fatalities were adjudged to be accidents, and they probably were.

The city fathers have endeavored to anticipate everything which can only tend to cause accidents to automobiles or pedestrians, and it is hoped all will exercise proper precautions.

Are You A Slave to Housework?

Are you manacled to drudgery—sentenced to hard housework labor; to be oppressed by summer heat; submitting yourself to the arduous duties of housework like women still living in the dark ages of servility?

In the pioneer days both men and women faced their duties with Spartan-like perseverance because there was no alternative, but in those days both men and women were constitutionally fortified to endure the hardships and heavy work.

Progress and invention has recognized the demand for labor-saving devices and con-

veniences because men of today are attuned to efficiency and time-saving and women are nurtured for ease, comfort, for happiness, for efficiency in the conduct of home work.

Wise women will adopt these 20th Century methods of dispatching household work. Considerate husbands will insist upon it. Make the household work easy, practical, sanitarily and healthfully effective and comfortable.

Below are some reasonable suggestions:

Put The Ease in Efficiency With A Crystal Washer

That is exactly what this wonderful washing and wringing machine will do for any household. Do away with the terrors of wash day during the hot summer weather, making this day one of the most pleasant work days of the entire week.

The ROYAL cleans THROUGH and THROUGH. It leaves every room in the house sweet, clean and germ free. It cleans by air—ALONE. It freshens and purifies with nature's own great cleanser, air—promoting the health and happiness of the entire household.

"GIRL COMMITS SUICIDE"

Unwilling Bride to be Drinks Poison
Rather Than be Wed

Wilkes Barre, Pa., June 7.—
Rose Castiglione, a bride to be,
Wednesday committed suicide by
drinking carbolic acid rather than
be forced into marriage through the
persistence of suitors. Among the
hundreds who viewed the body yester-
day was Antonio Reatini, aged 25
years. It was the prospect of
marriage to him that caused the
girl to drink the acid.

The girl had many suitors. She
continued to reject them all and
said she did not want to be married.
Reatini furnished a house for her
and her parents bought bridal
clothing in anticipation of her mar-

riage, but Wednesday afternoon the
girl found the acid, barricaded the
door and killed herself.
When her mother broke into the
house she found the girl's body on
the floor with the marriage license
torn into bits around her. A note
was found on a dresser declaring
that "life in marriage is worse than
death."
